

Showcase of Industry and Technology

Booth Size

Booth size is 8' deep x 10' wide. The booths will have perimeters constructed of one-inch tubular aluminum. A 30-inch high, tubular frame extending eight feet from front to rear will separate each booth. The rear need not necessarily be 10' on centers, and divisions may be omitted to allow exhibitors to combine two or more spaces into one booth.

The fee for booth space is as follows:

\$300 for organizations with less than 75 employees

\$600 for organizations with 75 - 150 employees

\$900 for organizations with more than 150 employees

Additionally each booth will have access to 120-Amp alternating current power free of charge.
